### Show Your Support for the Arts in Pasco County !

The Pasco Arts Council was established in 1979 by the Pasco Board of County Commissioners. It is the official umbrella organization committed to the maximum utilization of all county cultural resources and the development of increased partnership between individuals, groups, businesses and government entities to further create cultural opportunities and preserve the arts for all members of our community. Please express *your* support through membership, contributions, corporate sponsorship, or by purchasing a "State of the Arts" license plate to show you care. After deep legislative cuts to the arts in Florida, the only *public* funds now allocated for the Pasco Arts Council are from license plate fees (currently just \$10,000-\$11,000 annually to serve Pasco's nearly 500,000 residents). Please... put the arts on *your* plate!
